

Around Gunnison and Crested Butte (Images of America: Colorado)

The Western Slope towns of Gunnison and Crested Butte are defined by their placement in the Colorado Rockies. Both are located in alpine valleys surrounded by 14,000-foot-high peaks with sparkling mountain-fed streams, and both dominate the Gunnison country, a unique wilderness covering over 4,000 square miles. Beginning over 400 years ago, Native Americans, fur traders, explorers, miners, railroaders, and cattlemen all made a place for themselves in the area. Today Gunnison, Crested Butte, and the Gunnison country remain isolated and tranquil. Recreation, tourism, and cattle ranching now reign supreme as Gunnison and Crested Butte attempt to preserve their distinctly Western heritage.
