

## As I Recall: Memories of a Blackpool childhood

As I Recall chronicles the authors journey from his early years in 1950s Blackpool to the present day. His schooldays are remembered with amusing clarity as are his teenage years, his missed encounter with Dan Dare and his 2 knockout confrontations with boxer Brian London. Culminating in a move to the south coast and an enforced change of lifestyle, his story is told with both self-deprecating humour and pathos.
