

## A Mothers Memoirs: Travels of a New Zealander in 1929

In May of 1929, Jessie Eliza Todd and her older sister Louie embarked on an adventure that took the two young women from Southland in New Zealand, sailing by ship to England. In the interim, they visited Australia, Ceylon, Africa, and Italy. In *A Mothers Memoirs*, author Margaret Jessie Munro, Jessies Todds daughter, offers a transcription of the diary Jessie kept during the trip. It shares a host of details as the pair traveled by sea and then purchased a 1928 Morris Oxford convertible in England, facilitating a number of excursions around Britain and beyond. They drove north and visited many cities and towns, staying at hotels or bed and breakfasts. Their trip took them through Scotland and down the West Coast back into England and included Wales. With photos included, this travelogue shares the experiences and thoughts about the girls journey offering insight into the history, geography, people, and customs of the times.
