

Breakaway

In his memoirs, Walter Yukon Yates tells a lifetime of adventure and survival stories as an Alaskan explorer, bush pilot, gold miner, airplane and airport builder, helicopter crash survivor, World War II veteran, documentary filmmaker, grizzly bear hostage, and all-around adventurer. Breakaway offers incredible stories of survival, from the Battle of Guadalcanal in the South Pacific during World War II, to a year spent living off the land in isolation in the harsh Alaskan wilderness, to a helicopter crash in British Columbia in which Yates spent fourteen days injured, hungry, and waiting for rescue.
