

The Guinea Pig Diaries: My Life as an Experiment

For his first hit title, Jacobs read the Encyclopedia Britannica. For his second, he followed every single rule in the Bible. Now comes a collection of his most outrageous and thought-provoking experiments yet. In *The Guinea Pig Diaries*, Jacobs goes undercover as a beautiful woman. He outsources everything in his life to India, from answering his emails to arguing with his wife. He spends two months saying whatever is on his mind. He lives like George Washington. Plus several other life-changing experiments one of which involves public nudity.
