

## Gia Scala: The First Gia

An intimate view of the movie star Gia Scala and some of her relationships with actors such as Rock Hudson, Glen Ford, and Steve McQueen; While the Hollywood studios myth-makers spun the story that Lana Turner was discovered sipping soda in a malt shop, when it comes to Gia Scala, her rise to stardom is a wilder tale than Lanas and is true! From a small town in Sicily, she arrived to New York as a teenager, three years later she signed a contract with Universal International, unbelievable! She didnt know anyone in the business, she had taken a few acting classes, it was a million to zero chance that she would become a film star. But, she did it. Unfortunately, her star burned out too soon. While it was reported that she over-dosed on drugs, the truth about her death is revealed for the first time in Gia Scala: The First Gia.
