

Hold Your Horses

Helen Crabtree is perhaps the most important woman in the history of Saddle Seat riding. She literally wrote the book on Saddle Seat Equitation as her 1970 book Saddle Seat Equitation continues to be the Bible to equitation instructors and would be equitation riders. For decades Crabtree Stables was a World Champion machine, churning out 75 world champions including 22 winners of the National Equitation Championships. Teaching riding is only one of Mrs. Crabtree's many skills. She is also a fabulous story teller. During her life she has compiled an abundance of terrific horse show stories which this book proudly features. Many of the stories are hilarious, and others are very sad. If you read closely you may just learn some important lessons.
