

# New Title 1 (Online Marketing Terms Exposed)

The book is designed to help those new to the Search Engine Optimization (SEO) market as well as the more seasoned veterans. Readers will find information ranging from how to create or enhance a website to how to use tags and keyword searches to increase website recognition by search engines. It delves into marketing websites through online directories, blogging, online forums and social bookmarking. This book defines more than 450 terms used in the creation and marketing of websites which is vital to maintaining a competitive edge in today's market.
