

Jack The Ripper: Newly Discovered Adventures of Sherlock Holmes

Jack the Ripper is one of the most notorious serial killers in history and yet over one hundred years later, his identity remains cloaked in mystery. Or does it? There's only ever been one man who could solve this crime: the inimitable Sherlock Holmes. When news of the first murder hits the paper, the story immediately catches Holmes' attention and he's determined to be involved in the case. Soon, Holmes has entered a dangerous cat-and-mouse game with the Ripper, trying to unmask the murderer before being framed for the crimes himself. As he wanders the dark, seedy streets of London, interviewing suspects and witnesses alike, Holmes finds himself immersed in the twisted world of a monster and you'll see both the story and the Rippers' victims in a whole new light. Follow the clues in Jack the Ripper: Newly Discovered Tales of Sherlock Holmes to discover not only the identity of Jack the Ripper, but of the Holy Ghost Writer. This completely original tale featuring the world's most famous detective also reveals how Jack the Ripper's motivations may have been tied to the mysterious secret society created by Edmond Dantes himself in the Holy Ghost Writers' third novel, The Sovereign Order of Monte Cristo.
