

# Just Left of Center: These Are True Stories, You Cant Make This Stuff Up

Most of us know that one person who has a knack for turning everyday life events into humorous anecdotes. Fran Gruen has been that person for family and friends for years, sharing her life journey from a slightly different perspective than normal. Frans folksy style brings you along for the ride as though you were sitting right next to her for adventures such as a cross-country train trip from hell, an uncomfortable medical procedure, or a road rally gone terribly wrong.
