

# 12x12 Super Sudoku

Welcome to this fantastic collection of 100 super sudoku puzzles in 12x12 grids. Printed on a large 7x10 inch paper size with one puzzle per page, these puzzles are great for those wanting something a little easier on the eye and have plenty of room to make markings. Looking for something to challenge the grey area? Look no further. These puzzles will require your very best sudoku solving skills to crack. Can you step up your game and advance to this bigger grid size? Take the challenge and see if you can complete all 100. The puzzles get gradually harder as you work through. The rules are simple: place numbers 1-12 once in each row, column and bold-lined box. If you get stuck along the way or need a helping hand, solutions are featured towards the back of the book so you can take a peek there.
