

## Life Lessons From Behind the Razor Wire

Sheba Harris has spent the last ten years in jail. But its not quite what you think. As a nurse, Sheba has worked in a variety of correctional facilities from the from the smallest county jail to some of the largest penitentiaries in the country. Believing her career is a calling from on high, she walks among some of the worst of the worst every day. She has given care to a variety of criminals from drunk drivers to convicted murders and child molesterscare the general public would rather ignore. This care ranges from the common ailments of headaches and nausea to full blown mental disorders and even spiritual distress. A collection of entertaining and informative stories, author Sheba Harris Behind the Razor Wire gives a rare look at those individuals who live, sometimes for years or a lifetime, in Americas correctional system. Each individual has his or her own unique problems. Some are harder to teach than others, but there is a lesson to be learned from each and every one. Some prisoners learn from their mistakes. Others do not, at times with lethal consequences. Despite the various trials, Sheba believes that every experience displays the handiwork of God, and readers of all walks will be inspired by the wisdom and insight gained from Behind the Razor Wire. First and foremost, Sheba McBride-Harris is a nurse. She has a masters and bachelor degree in nursing and has worked for almost ten years in correctional facilities. Married to her high school sweetheart, Ms. Harris volunteers for several community agencies, including the American Cancer Society and local Christian-based charities. Ms. Harris was inducted into the International Honor Society of Nursing and the National Honors Society in 2006.
