

Electric Pioneer: An Armchair Guide to Gary Numan

From selling 10 million records in two years, both with Tubeway Army (Are Friends Electric?) and solo (Cars), to more low-key and idiosyncratic releases through subsequent decades, Gary Numan has built up an impressive body of work and retained a hugely devoted cult following. Electric Pioneer is the first-ever guide to his recorded output, documenting every single and album and featuring sections on his live shows, memorabilia, and DVD releases.
