

Maurice Blondel: A Philosophical Life (Ressourcement: Retrieval and Renewal in Catholic Thought)

French philosopher Maurice Blondel had a tremendous impact on both philosophy and religion over the first half of the twentieth century. He was at once a postmodern critical philosopher and a devout traditional Catholic, trying not only to reconcile these two seemingly disparate factors in his own mind, but also to prove to others that the two must go together. / In the first critical examination of the philosopher's life Oliva Blanchette tells the story of Blondel's stormy life confronting an Academy dismissive of religion and a Religion uncomfortable with rational philosophy. This book not only follows his biographical history, but also presents his systematic philosophy, from the beginning of his journey to the culmination found in *Philosophical Exigencies of Christianity*, the book for which he signed the publishing contract the day before he died. / Maurice Blondel is part of the *Ressourcement: Retrieval and Renewal in Catholic Thought* series, edited by David L. Schindler.
