

Memoirs of Captain Sam Bellamy: The Prince of Pirates: St. Croix 1716-1717

This is a story about three pirate captains who worked together during the Golden Age of Piracy. The tale of Captain Paulsgrave Williams is a shared story with that of Captain Samuel Bellamy and is largely covered in this book. Their partner in crime, Olivier Levasseur, was perhaps the most successful pirates in the Golden Age of Piracy if the estimate of his wealth includes all of his Caribbean and African exploits. Despite their partnership, Levasseur and Williams never made the Forbes list of the Richest Caribbean Pirates while Bellamy did. The reason of course is simple. Sam Bellamy's ship, the Whydah, was wrecked and the vast amount of wealth was documented at trials of the survivors. There is little documentation of the wealth accumulated by Levasseur and Williams
