

My Daughter Susan Smith

MY DAUGHTER SUSAN SMITH

Linda H. Russell
with
Shirley Stephens

Susan Smith was never a violent person, never abused her children. She never committed an act of any kind that those close to her could point to later as an omen of the killing of her children. She loved them dearly. They were her life. But she sent 3-year-old Michael and 14-month-old Alex to their deaths in John D. Long Lake in South Carolina on a dark October night in 1994. My Daughter Susan Smith is the story of this infamous tragedy told by Susans mother. For nine days her family desperately hoped for the safe return of Michael and Alex. Susans confession left her family to deal with why it happened. This book is Linda Russells answer. In addition to details of the case as contained in court transcripts, newspapers, and behind-the-scenes experiences, she includes previously unpublished struggles of the family then and now. She also reveals details of Susans background that both help us understand her and indict some men in her life. About the Author Shirley Stephens is a long-time editor and the author of five other books and countless articles. Other books to her credit: Under the SS Shadow, the true story of a former member of the Hitler Youth and an SS majors son, who ran for his life in war-torn Europe; Breaking Crimes Vicious Cycle, the gripping, true-life story of hardened criminal Don Dennis and his conversion and transformation into a life of service to inmates; A New Testament View of Women, a biblical study of what the New Testament really says about women; Great Truths from Jesus conversations with women, nine conversations from the life of Jesus; From the Cell to the Cross, an update of Breaking Crimes Vicious Cycle. 23 photos available in printed version.
