

# Nuclear power plant nuclear steam supply systems (PWR nuclear power plant operators staff training series teaching basic theory)(Chinese Edition)

Paperback. Pub Date: December 2010  
Pages: 255 Language: Chinese in  
Publisher: Atomic Energy Press PWR  
nuclear power plant operator personnel  
basic theory Training Series: nuclear power  
plant nuclear steam supply system in the  
world. the typical million kilowatt  
pressurized water reactor nuclear power  
plant. for example elaborated the process of  
the nuclear steam supply system. major  
equipment. working principle and  
operational features. The book is divided  
into seven chapters. including nuclear  
reactors and the basic components of the  
system. the the PWR body structure. the  
coolant loop systems and equipment. and a  
loop auxiliary system. engineered safety  
features. the system of containment and its  
subsidiary. the nuclear island exhaust  
hydrophobic system and boron recovery  
system. Contents: Chapter 1 Introduction  
1.1 nuclear reactors and system basically  
consists of 1.2 nuc...
