

Raped by a Catholic Priest: My True Story

This is a true story of my rape and molestation by a Catholic priest during my youth. I have lived with these memories throughout my entire life, and have made it my mission to expose those who rape and molest innocent children and teens. I wish to expose many who hide cloaked behind their red and black robes of deceit and to reveal the hypocrisy that bleeds from within the walls of the Catholic Church. My Story shows how this satanic predator of a priest was finally defrocked by Pope John Paul II on January 11, 2004, after 39 long years. My attorney, the Honorable Justin Chuck Ravitz, believed my story along with the many others who came forward and bared their souls of torment from being raped and abused by these priests of the Catholic Church. He represented all of us in a class action lawsuit against the Archdiocese of Detroit in January, 2005 to no avail. The Catholic Church's lawyers and hierarchy blocked the victims from ever having their stories told in open courts. People need to know the truth about how these victims suffered at the hands of these holy priests. My book in a very small way opens the door to the truth of these matters and cites references for further education about these crimes, victims and perpetrators. My mentor, A.W. Richard Sipe, a well known court expert witness and consultant in over 200 cases, is a former priest trained in dealing with these problems. He is currently married having one son, and I am thankful to have him as my consultant while writing my book. He has his own website www.richardsipe.com dedicated specifically to this horrific problem. Another website to visit is www.bishop-accountability.org, where one will be aghast as to the many priests, bishops and cardinals whose names appear as perpetrators of these sexual crimes against the innocent as well as a resource cite to glean more from the many articles posted. My book is just one small story

from just one victim who has the courage to come forward and bring this into the light. Too many sexcretes (my term for sex secrets within the Catholic Church), too many lies, too many cover-ups by the hierarchy, too many silent victims forced to live their personal horror the rest of their lives. It was not my fault for being a victim nor is it the fault of any of the other victims of these sexually deviant perverted privileged society of cardinals, bishops and priests.
