

Smile...Youre on Candid Cancer: My Picture of Life at its Best

Essentially, this is a story of hope, faith and love. These pages expose a war with cancer in a humorous, while brutally honest manner. The story is laid out in a sequential format representing the events as they occur. It details the immediate and ongoing trials triggered by the disease as seen through the eyes of a married couple, John and Georgetta Warner. As treatments fail and different medications are employed in the conflict, John and Georgetta write about how they are changed by the ever shifting face of cancer. They come to appreciate the value of time, friends and family as they continue to maintain control in an uncontrollable situation.
