

Serial Killers - Up Close and Very Personal

She is a glamorous model, actress, filmmaker and investigative journalist who has spent years visiting high-security prison, getting to know sadistic killers like Gary Ray Bowles and Keith Hunter Jespersen, The Happy Face Killer. These hardened killers have opened up to her in a way that they would never do to psychiatrists, prosecutors and other authority figures... and have revealed terrifying chapters of their lives that might otherwise have stayed hidden forever. In this chilling book Victoria Redstall shares every detail and insight, bringing the reader up close and very personal with some of the most dangerous and disturbed serial killers that the world has ever seen. In a similar vein to bestseller Talking with Serial Killers this title will undoubtedly appeal to fans of true crime.
