

My Memoirs: Black American Princess

I wrote this story. I am a normal wholesome girl who had a normal childhood from Atlanta, Georgia. Though my life has not been a cakewalk, I have learned not to complain. I was 19 when I wrote this, and I am finishing this masterpiece at 25. This diary is an up-close view of a life-changing trip I took to Africa. I waited on God to push me through in His time. You will witness two perspectives, one a princess, and one a queen. Though I am still growing, I am trying to be the best I can be. I hope that this story can heal you, as it has healed me.
