

Bringing Sundance Home: The Real Sundance Kid My Great Grandfather

Likemost children I was fascinated with Cowboys. Roy Rogers, Whip Wilson, GeneAutry and the like, were great for my young soul. I was decked out with aCowboy hat, chaps and boots: riding on a broom stick for a horse with my pearlhandled cap pistol blazing away. At what age I dont remember but, I was told stories of my Great Grandfather who supposedly rode with and was, an actual Outlaw himself. (Using a term of today, that just blew me away). I hadmy very own outlaw relative....holy smoke! As several years past, un-like mostkids my age that picked up the more modern heroes like Superman, Batman andRobin and all the rest of the Comic Book heroes; I clung to being a cowboytype. It suited me then and it more than suits me now.I of course, dont necessarily walk around with my holsterand Colt 45 strapped to my hip, nor do I go around itching for a gun fightbecause someone cut me off in traffic but, riding my horse across the openplains or along the mountain side with the wind in my face and the scent ofnature all around; well, the good Lord does bless us in so many wonderful ways.The fact is I always wanted to be a Cowboy.About a million years past by but, I always had in the backof my mind to some day, pretty soon, one day, Im going to get to it: Id dosome research and see what I could find out about my Great Grandfather. In 2004 I finally could take it nolonger and started a search for him and all that pertained to him.....no matterwhat I might find, I wanted to know all there was to know about my personalrelative, the outlaw. The world is filled with facts:death, taxes, sunrise, billions of stars but more appropriately, love for yourfamily, your children and grandchildren. These facts cannot be refuted. I willoffer to you a new fact. Is it earth shattering, will the world become peaceful.....no, but, it is a historychanging fact and one that has

impacted me and my family forever. Fact.....my Great Grandfather, WilliamHenry Long was the gun slinging outlaw known as, the Sundance Kid and ofcourse, the close friend and cohort of Butch Cassidy. Fact.....Butch and Sundance did notdie in Bolivia in 1908 as is conventional thoughts due to the Academy Awardwinning Movie (Butch Cassidy and the Sundance Kid) depicted. They returned hometo Americas Southwest and died many years later. Fact.....Harry Longebaugh was a realperson that Bill Long (as my outlaw great grandfather was commonly called)used as one of his eight to ten alias names. Fact.....William Henry Long wasframed as a horse thief and railroaded into serving 18 months in theSundance, Wyoming jail. (Naturally, thats where he got the distinguished nameof Sundance). Fact.....Contrary to the Movie withSundance free wheeling with his girl friend, Sundance had a wife and eight kidsat home in Utah. Surprised.....so was I. Fact.....There are more turns, hillsand valleys here thats going to have you saying, oh my, is this for real? Theanswer is emphatically.....yes! If youre picking your teeth up offthe floor about now.....that was a big ditto for me too. If you are heehawingwith a yeah, right, sure, baloney or worse: sit back and let me unfold thevast amount of interesting details of the life and times of my Outlaw greatgrandfather, the Sundance Kid.
